

## anthropic-sdk-python v1.10.0 released

From: *GitHub*

Source: GitHub

---

### The Brief

#### **\*\*What shipped\*\***

Anthropic released anthropic-sdk-python version 1.10.0.

#### **\*\*Capabilities\*\***

This version adds new features to the Managed Agents API, including a refusal stop reason and detailed stop information for session idle events. It also incorporates Claude Enterprise analytics, spend limits, and role-based access control (RBAC) for the Admin API.

#### **\*\*Availability\*\***

The SDK is available on GitHub for download. No specific pricing or tier information is provided in the description.

#### **\*\*Why it matters\*\***

These updates enhance the functionality of the Managed Agents, allowing for better management and analysis of user interactions, which could improve user experience and administrative control.

#### **\*\*Caveats\*\***

No performance benchmarks or specific quality claims are mentioned in the release notes, leaving some details about the impact of these new features unverified.
